

TORPEDO VESTITO

USER INSTRUCTIONS AND IMPORTANT SAFETY INFORMATION

IMPORTANT: Please completely understand all user instructions and safety information before using this product.

TOOLS REQUIRED

2.5 mm Allen wrench

BOTTLE COVER

1. Remove straw and unscrew the screw holding down the Dolphin Tail from the **TORPEDO** bottle.
2. Install **TORPEDO** bottle into the **TORPEDO** Cage .
3. Slide the **VESTITO** over the nose of the **TORPEDO** bottle through the slit in the bottom.
4. Pull back on the Vestito to take up the extra slack in the front area.
5. Stretch the **VESTITO** over the tail of the bottle.
6. Align the holes on top with the openings on the bottle.

STRAW COVER

1. Measure your straw from the top of the bottle to the black ring on the bite valve.
2. Cut the neoprene straw cover to this dimension.
3. Slide straw through the neoprene sleeve moving it all the way up to the bite valve.
4. Re-insert the straw into the bottle.

REMOVAL OF VESTITO

1. Remove straw from bottle.
2. Start at the back, pinch the top of the tail on the bottle.
3. Pull up and slide the Vestito off.

USING DOLPHIN TAIL STRAW RETAINER WITH VESTITO

The **VESTITO** is designed to be used with the straw in either the unfolded or folded position. If you wish to fold your straw it will be necessary to cut a hole in the **VESTITO** neoprene to expose the area for the dolphin tail. It will also be necessary to trim the neoprene on the straw to allow it to t under the tail.

See www.XLAB-USA.com/torpedo-vestito for full size pattern of cutout.

Caution: DO NOT MACHINE WASH THE VESTITO. It will destroy the neoprene material. Hand wash only with mild detergent.
